Rowville Primary School Song **By Ron Picket**

In the foothills of the Dandenongs
where the air is clean and free
a lovely school lies nestled there
among the bush and trees

Rowville is our name
friendship is our fame
for the two blue school is great
and a credit to our state.

We've sent our groups across the sea
to visit foreign lands
peace and hope and love to all
they carry in their hands

Rowville is our name
friendship is our fame
for the two blue school is great
and a credit to our state.

When we're at school we play and work
to do our best each day
to learn to grow, to grow to learn
in the Australian way

Rowville is our name
friendship is our fame
for the two blue school is great
and a credit to our state.
